

Brightly Event Manager™

Optimized Athletic Scheduling and Planning

Enhance communication between Athletics and Business Operations by creating “one source of truth” for all events across the district. The Brightly and ArbiterSports integration removes the guesswork of renting facilities, double data entry and inability to handle last-minute changes or cancellations - and at no additional effort to your staff.

Key Benefits

Streamlined workflows

Organize your athletic department’s processes and planning from a shared platform.

Reduced oversight

Eliminate double data entry and double booking.

Improved communication

Easily share event calendars, schedule updates, resources and assets across departments.

Enhanced reporting

Track event costs and time to see what the true impact of these events are to your district.

Product Features

Two-way communication

- Easily integrate ArbiterGame with Brightly software
- Receive all athletic events, and updates, at no additional effort to staff

Calendar integration

- On-campus events scheduled in ArbiterGame seamlessly sync with Event Manager™ to display on your facility usage calendar

Brightly Event Software

Event manager

A cloud-based platform that helps you schedule, organize and promote all of your events from start to finish. From the time a facility request comes in to when you're running reports on the event afterward, Event Manager is your easy-to-use platform for every task.

- Centralize scheduling of spaces for all athletic, internal and community events
- Display games, practices and field use in a centralized calendar to improve event coordination
- Save time and money by automating facility scheduling process
- Increase transparency into availability and facility usage with public events calendar view

Product Pricing

Pricing varies based on size and institution type. Call **866.989.3833** or contact info@brightlysoftware.com for more information.

About ArbiterSports

ArbiterSports, headquartered in Salt Lake City, Utah, is the leading provider of game management solutions and majority-owned by the NCAA. ArbiterSports helps athletic departments and sports leagues dramatically simplify the process of scheduling games, assigning officials and paying all participants. The complete product suite delivers unprecedented control and visibility over the entire game management process. Built on a powerful web-based system with access anywhere, anytime, ArbiterSports provides seamless integration with Brightly and easy-to-add features. Today, sports leagues and associations make nearly 10 million assignments to more than 500,000 officials every year using ArbiterSports technology.
